Published: 2020.04.12

Corrected article: *Theranostics* 2014; 4(10):1052-1061. doi: 10.7150/thno.9727.

In the initially published version of this article, the image of the siMdp3#2 group (Hs578T cells, 24 hr) in Figure 3B is wrong. The correct Figure 3B is as follows:

**Figure 3.** (B) Control or Mdp3 siRNA-transfected cells were scratched, and wound margins were imaged 0 or 24 hours later.

The correction made in this erratum does not affect the original conclusions. The authors apologize for any inconvenience or misunderstanding that this error may have caused.
